2. CHEM 1310: CHEM 1211K can substitute for CHEM 1310. CHEM 1211K & 1212K are recommended for pre-health students.

- 3. Engineering Elective, Free Electives and Math/Science Elective: See page 2 for details.
- 4. Economics: Students can receive credit for only one of ECON 2100, ECON 2101, ECON 2105 & ECON 2106. The only exception is that students can receive 6 hours credit for both ECON 2105 and ECON 2106.
- **5. Concentration:** Students must complete either the Nuclear Engineering (NE) or Radiological Systems Engineering (RSE) concentration. See page 2 for details and required classes.
- 6. Humanities Electives, Social Science Electives and Ethics Overlay: See page 2 for a link to the list of classes.
- 7. ME 3340: NRE students do not take ME 2202, so NRE 3301 or NRE 2120 will satisfy the pre-req for registration.

Undergraduate Curriculum Sheet Explained Understanding the Curriculum Guide Class Number ME 3340 Class Fluid 4 Notes about Mechanics **Lab Hours** (See Note 7) **Lecture Hours Total Credit** 3**-**0**-3** COE 2001, ME 3322* **Pre-Requisites &** Included in MATH 2551, MATH 2552, Co-Requisites* Major GPA if filled in with Pre-requisites: These classes must be completed dark color before you can take the class.

*Co-requisites: These classes can be taken at the same time or before

the class. You must register for the co-req first to avoid registration errors.

GPA & Grade Requirements

- 1. All classes taken for the BSNRE degree must be taken LETTER GRADE. This includes all electives.
- 2. Overall GPA: Must be 2.00 or above (truncated) at graduation.
- 3. Required Grades:
- Minimum grade of a D or better is required except as noted.
- C or better is required for MATH 1551, MATH 1552, MATH 1553, MATH 2551 and MATH 2552.
- **Major GPA:**
 - Must be 2.00 or above (truncated) at graduation.
 - All required NRE classes, ME 3322, ME 3340 & concentration classes are used to calculate the major GPA.
 - Among the courses used to compute this, all courses must be completed with a C-or-better with the exception up to 9 credit hours, that can be satisfied with a grade of D.

Humanities, Social Sciences and Ethics Overlay

- Humanities Electives: See http://catalog.gatech.edu/academics/undergraduate/core-curriculum/core-area-c/
- Social Science Electives: See http://catalog.gatech.edu/academics/undergraduate/core-curriculum/core-area-e/ 2.
- Ethics Overlay: A 3 hour class selected from http://catalog.gatech.edu/academics/undergraduate/core-curriculum/ethics/
- Ethics overlay is taken as part of the curriculum satisfying a free elective, humanities or social science elective.

Engineering Elective

- Engineering Elective: A 2000 level or higher class from the College of Engineering excluding ME 3141, 3700, 3720, 3743, 3744, 4741, 4742, 4753 and project-type courses such as VIP, research & special problems (2699, 2903, 4699, 4903).
- The Engineering Elective cannot duplicate any material taken in other classes used for your BSNRE degree.

Math/Science Elective

- Math/Science Elective: A 2000 level or higher class plus BIOL 1510, BIOL 1520 or CHEM 1212K taken from the College of Science. It excludes Psychology, Applied Physiology and project-type courses such as VIP, research & special problems.
- The Math/Science Elective cannot duplicate any material taken in other classes used for your BSNRE degree.

Free Electives

- Students can use either a max of 6 credits of VIP courses or a max of 6 credits of research / special problems courses (2699, 4699 & 4903) as free electives. If doing both types of courses, a total of 9 credits is allowed.
- At least 9 hours of free electives must be at the 2000 level or above with the exception of 4 hours that may be satisfied with one of the following: BIOL 1510, BIOL 1520, or CHEM 1212K.
- Free electives may not duplicate any material taken in other classes used for the BSNRE degree.

Concentrations (Required)

Students must select and complete the Nuclear Engineering (NE) or the Radiological Systems Engineering (RSE) concentration.

Nuclear Engineering (NE) Concentration

Required Classes		Semester(s) Offered	Pre-reqs and Co-Reqs*
ME 3345	Heat Transfer	Fall, Spring, Summer	ME 3322, ME 3340, MATH 2552
NRE 4214	Reactor Engineering	Fall Only	ME 3345, NRE 3208
NRE 4210	Nuclear Reactor Physics II	Fall Only	NRE 3208, MATH 2552

Radiological Systems Engineering (RSE) Concentration

Required Class		Semester(s) Offered	Pre-reqs and Co-Reqs*
NRE 4328	Radiation Sources and Applications	Fall Only	NRE 3112, NRE 3316
Concentration Ele	ective Classes (Select 2)		
NRE 4750	Diagnostic Imaging	Spring Only	NRE 3112
NRE 4803	Nuclear Safeguards	Spring (usually)	NRE 3301
NRE 4407	Radiation Biology & Oncology	Fall Only	NRE 3301, NRE 3316*
