

MECHANICAL ENGINEERING PHD - QUALIFYING EXAM PROFILE

Students requiring disability-related accommodations for their doctoral qualifying exams need to contact both their program advisor and the Office of Disability Services no later than 1 month prior to the scheduled exams, but preferably early in the semester in which they are planned. After these meetings, Disability Services will be in touch with the Program Advisor (or designee) to make formal arrangements. You can contact Disability Services at <https://disabilityservices.gatech.edu>
